

User Guide for the New RVPN System (aTrust Client)

Applicable to aTrust V2.1.12 version and above

User Guide for Android/HarmonyOS Client

Client Download & Installation

Android/HarmonyOS Client Download Methods

Method 1: Install via App Store

Open your device' s **app store** (e.g., Huawei AppGallery, Google Play), search for "**aTrust**", and install it directly.

Method 2: Download via Mobile Browser

Open your mobile browser (Android/HarmonyOS) and visit:

https://www.sangfor.com.cn/support/Software_Download/aTrust.apk

Download and install the APK manually.

Method 3: Download via PC + QR Code

On a computer, open a browser and go to:

<https://vpn.zju.edu.cn>

Click <**Download Client**> in the top-right corner.

Select **Mobile Client**, then scan the QR code with your phone' s browser to download.

(Alternatively, download the APK on your PC and transfer it to your phone.)

First-time login requires registering personal mobile number

First-time users: Please log in to myZJU 【[Change Phone](#) | [International Campus Zhejiang University](#)】 and update your phone number.
